

Award for Innovative Practice

Recipients

2022 Lisa Reis-Tymchuk

Lisa's unique collaborative lens, understanding of the challenging health disparities that exist across the province of Manitoba and into other regions of Canada, and clinical perspective have made her a leader in the fields of health and education. Her commitment to reducing barriers to inclusion for children and youth has been unparalleled and has led her to create new and innovative systems and initiatives related to assistive technology, occupational justice in school environments, and literacy. Lisa has distinguished herself within her work as a dedicated advocate and practitioner that focuses on the needs and strengths of her clients, students, mentees, and colleagues.
