WELCOME FROM THE CAOT PRESIDENT AND CHIEF EXECUTIVE OFFICER LE PRÉSIDENT ET LA CHEF DE LA DIRECTION DE L'ACE VOUS SOUHAITENT LA BIENVENUE

Welcome colleagues and friends,

On behalf of our Board of Directors and staff, we are thrilled to welcome you to the Canadian Association of Occupational Therapists (CAOT) Conference: Hybrid 2023 in beautiful Saskatoon. Whether you're joining us in person or tuning in virtually, it's a pleasure to be with you for this incredible gathering of Canadian occupational therapy professionals as we celebrate these three days of learning, sharing, and inspiration.

This annual event is a highlight of our membership year and a wonderful opportunity to advance excellence in occupational therapy, reconnect with old friends, introduce yourself to new colleagues, and extend your professional network. With more than 150 in-person and 18 virtual sessions and 12 Conversations that Matter (CTM), you will find a wide range of evidence-based learning and innovative ideas to engage and stimulate your practice.

This conference wouldn't be possible without the hard work and dedication of so many people. We salute all our presenters for sharing their expertise and ideas with us and the members who have volunteered their time with the Scientific Program Committee and Abstract Review Board. We greatly appreciate the delegates joining us from across Canada and around the world and send a big shout out to our valued sponsors and exhibitors for their support.

We look forward to celebrating here in Saskatoon with you and thank you in advance for enriching our conversations over the next three days.

Phillip Wendt
CAOT President

Hélène Sabourin
Chief Executive Officer

Bienvenue chers collègues et amis,

Au nom de notre conseil d'administration et de notre personnel, nous sommes ravis de vous accueillir au Congrès de l'Association canadienne des ergothérapeutes (ACE) 2023 dans la magnifique ville de Saskatoon. Que vous vous joigniez à nous en personne ou que vous nous écoutiez virtuellement, c'est un plaisir d'être avec vous pour cet incroyable rassemblement de professionnels canadiens de l'ergothérapie alors que nous célébrons ces trois jours d'apprentissage, de partage et d'inspiration.

Cet événement annuel est un point saillant de l'année d'adhésion et une excellente occasion de promouvoir l'excellence en ergothérapie, de renouer avec de vieux amis, de vous présenter à de nouveaux collègues et d'élargir votre réseau professionnel. Avec plus de 150 séances en personne, 18 séances virtuelles et 12 conversations importantes, vous trouverez un large éventail d'apprentissage basé sur des données probantes et des idées innovantes pour stimuler votre pratique.

Ce congrès ne serait pas possible sans le travail acharné et le dévouement de tant de personnes. Nous saluons tous nos présentateurs qui ont partagé leur expertise et leurs idées avec nous, ainsi que les membres qui ont consacré leur temps pour le comité du programme scientifique et le comité d'évaluation des résumés. Nous apprécions grandement les délégués venus d'un bout à l'autre du Canada et de l'international qui se joignent à nous et nous remercions nos commanditaires et exposants pour leur soutien.

Nous sommes ravis d'avoir la chance de célébrer avec vous ici à Saskatoon et nous vous remercions à l'avance d'enrichir nos conversations au cours des trois prochains jours.

Phillip Wendt
Président de l'ACE

Hélène Sabourin
Chef de la direction

DIAMOND SPONSOR | COMMANDITAIRE DIAMANT

GOLD SPONSOR | COMMANDITAIRE D'OR

The National Mobility Equipment Dealers Association of Canada (NMEDA-ANCEM Canada) is a Canadian registered non-profit trade organization dedicated to expanding mobility options for people with disabilities in Canada. Our efforts help those in need gain the ability to drive or be transported in modified vehicles. As the Canadian chapter of NMEDA, our membership includes mobility equipment dealers, manufacturers, driver rehabilitation specialists and occupational therapists located throughout Canada. While the manufacturing and adaptive processes are behind the scenes, we assure the public and our consumers that only the highest industry standards are maintained within the NMEDA Guidelines and Quality Assurance Program (QAP) rules. Adhering to these regulations ensures that all modifications provided by NMEDA members either meet or exceed the Canadian Motor Vehicle Safety Standards.
