WELCOME FROM THE CAOT PRESIDENT AND CHIEF EXECUTIVE OFFICER LE PRÉSIDENT ET LA CHEFFE DE LA DIRECTION DE L'ACE VOUS SOUHAITENT LA BIENVENUE

Welcome colleagues and friends,

On behalf of the Canadian Association of Occupational Therapists' (CAOT) Board of Directors and staff, we are thrilled to welcome you to our annual gathering of occupational therapy professionals as we celebrate three days of learning, sharing, and inspiration. This year, we are excited to host our conference in the beautiful city of Kijipuktuk/Halifax, the capital of Nova Scotia.

This annual event is a highlight of our membership year and a wonderful opportunity to advance excellence in occupational therapy, reconnect with old friends, introduce yourself to new colleagues, and extend your professional network. With over 200 in-person sessions, including 94 podium presentations, 90 poster presentations, 12 pre-recorded presentations, nine pre-conference workshops and 11 Conversations that matter(CTM), you will find a wide range of evidence-based learning and innovative ideas to engage and stimulate your practice.

This conference wouldn't be possible without the hard work and dedication of so many people. We salute all our presenters for sharing their expertise and ideas with us and the members who have volunteered their time with the Scientific Program Committee and Abstract Review Board. We greatly appreciate the delegates joining us from across Canada and around the world and send a big shout out to our valued sponsors and exhibitors for their support.

We look forward to celebrating here in Kijipuktuk/Halifax with you and thank you in advance for enriching our conversations during this remarkable event

Phillip Wendt
CAOT President

Hélène Sabourin
Chief Executive Officer

Bienvenue chers collègues et amis,

Au nom du conseil d'administration et du personnel de l'Association canadienne des ergothérapeutes (ACE), nous sommes ravis de vous accueillir à notre rassemblement annuel de personnes travaillant à titre professionnel en ergothérapie pour célébrer trois jours d'apprentissage, de partage et d'inspiration. Cette année, nous sommes ravis d'organiser notre congrès dans la magnifique ville de Kijipuktuk/Halifax, la capitale de la Nouvelle-Écosse.

Cet événement annuel est un point en tant que membres de l'ACE et une excellente occasion de promouvoir l'excellence en ergothérapie, de renouer avec de vieux amis, de vous présenter à de nouveaux collègues et d'élargir votre réseau professionnel. Avec plus de 200 séances en personne, dont 94 exposés, 90 présentations par affiches, 12 ateliers virtuels, neuf ateliers précongrès et 11 conversations importantes, vous trouverez un large éventail d'apprentissage basé sur des données probantes et des idées innovantes pour stimuler votre pratique.

Ce congrès ne serait pas possible sans le travail acharné et le dévouement de tant de personnes. Nous saluons toutes nos présentatrices et tous nos présentateurs qui ont partagé leur expertise et leurs idées avec nous, ainsi que les membres qui ont consacré leur temps pour le comité du programme scientifique et le comité d'évaluation des résumés. Nous apprécions grandement les délégués venus d'un bout à l'autre du Canada et du monde entier qui se joignent à nous et nous remercions chaleureusement nos commanditaires et exposants pour leur soutien. à nos commanditaires et exposants pour leur soutien.

Nous avons hâte de célébrer avec vous ici à Kijipuktuk/Halifax et nous vous remercions à l'avance d'enrichir nos conversations au cours des trois prochains jours.

Phillip Wendt
Président de l'ACE

Hélène Sabourin
Cheffe de la direction

GOLD SPONSOR | COMMANDITAIRE D'OR

The National Mobility Equipment Dealers Association of Canada (NMEDA-ANCEM Canada)
Automotive Mobility Done Right! The members of NMEDA Canada are dedicated to expanding opportunities for people with disabilities to safely drive or be transported in vehicles modified with mobility equipment to fit their specific needs.

OPENING CEREMONIES & KEYNOTE ADDRESS CÉRÉMONIES D'OUVERTURE ET CONFÉRENCIÈRE D'HONNEUR

**7:00 PM-8:30 PM ROOM | SALLE : C1
SPECIAL EVENT | ÉVÉNEMENT SPÉCIAL**

Phillip Wendt, Hélène Sabourin & **Keynote Speaker: Lisa Boivin**

Help us kick off this year's Conference at the Opening Ceremonies on the evening of Wednesday, May 1 with a welcome from an Indigenous Elder, followed by our Featured Speaker, Dene artist Lisa Boivin. Don't miss this visually interactive address on "Arranging Pretty: Piecing together meaningful clinical/research relationships." Using her own collages and paintings as examples, Lisa will confront some of the colonial problems that arise in rehabilitation science and offer Indigenous teachings to resolve them.

Aidez-nous à lancer le Congrès cette année lors des cérémonies d'ouverture qui se tiendront la soirée du mercredi 1^{er} mai. Une aînée autochtone vous souhaitera la bienvenue, suivi de notre conférencière principale, l'artiste dénée Lisa Boivin. Ne manquez pas ce discours visuellement interactif sur le thème « Arranger joliment : Assembler des relations cliniques et de recherche significatives ». À l'aide de ses propres collages et peintures, Lisa confrontera certains des problèmes coloniaux qui se posent dans les sciences de la réadaptation et proposera des enseignements autochtones pour les résoudre.

8:30 PM-9:30 PM ROOM | SALLE : C3 SPECIAL EVENT | ÉVÉNEMENT SPÉCIAL

CAOT TOWN HALL BREAKFAST SÉANCE DE DISCUSSION OUVERTE DE L'ACE

8:00 AM-8:55 AM ROOM | SALLE : C1
SPECIAL EVENT | ÉVÉNEMENT SPÉCIAL
PHILLIP WENDT, HÉLÈNE SABOURIN

Join CAOT's President, Board of Directors, and the national staff for an informal town hall meeting. This get-together will provide members with a brief update about the association's latest projects and activities, followed by the opportunity to discuss emerging issues and ask your own questions.

Rejoignez le président de l'ACE, le conseil d'administration et le personnel du bureau national pour une réunion informelle. Cette réunion fournira aux membres une brève mise à jour sur les derniers projets et les récentes activités de l'association, et vous aurez ensuite la possibilité de discuter des questions émergentes et de poser vos propres questions.

SUPPORTER

Maritime Accessibility Inc

Maritime accessibility is a family owned and operated business, out of Halifax, Nova Scotia. Our owners, John and Julian, have over 30 years experience combined in the elevator industry. In 2019, the father and son team saw a need in the industry, and set out to fill that need. Today, our extensive Canadian supplier network allows us to offer our customers the best products, from the largest lifts, down to the smallest home adjustments. Our main goal is to make accessibility, accessible to all.

"I will eat the whole world": Migration informing food-related occupations

CLOSING CEREMONIES

4:10 PM-4:30 PM ROOM | SALLE : C1
SPECIAL EVENT | ÉVÉNEMENT SPÉCIAL

Phillip Wendt, Hélène Sabourin

After two-plus days of learning, networking and being inspired by your fellow occupational therapists, join us for the Closing Ceremonies and hear The Plenary Panel: "Can we achieve collaborative relationship-focused occupational therapy with artificial intelligence (AI)?" given by Rosalie Wang and Miini Teng.

Après plus de deux jours d'apprentissage, de réseautage et d'être inspirés par vos collègues ergothérapeutes, rejoignez-nous pour les cérémonies de clôture et la discussion plénière intitulée « Pouvons-nous mettre en place une ergothérapie axée sur les relations collaboratives avec l'intelligence artificielle » donné par Rosalie Wang et Miini Teng.

CAN WE ACHIEVE COLLABORATIVE RELATIONSHIP-FOCUSED OCCUPATIONAL THERAPY WITH ARTIFICIAL INTELLIGENCE (AI)?

4:30 PM-5:30 PM ROOM | SALLE : C1
SPECIAL EVENT | ÉVÉNEMENT SPÉCIAL
MIINI TENG, ROSALIE WANG

Artificial intelligence (AI) is becoming increasingly integrated into our daily lives. Indeed, AI has the potential to transform the nature of our occupations, our occupational participation, and occupational therapy practice. Following a brief review of the current opinions and perspectives of Canadian occupational therapists on AI, we then examine AI's role in collaborative relationship-focused occupational therapy. We explore ways in which AI may be incorporated as a

tool within occupational therapy practice, and how AI may actively participate as an actor within collaborative relationships. In delving into these scenarios, we analyze the potential impact of AI on occupational therapy outcomes, individual or collective participation, as well as the evolving roles and participation of occupational therapists in the presence of AI.

We would like to extend our heartfelt thanks to Myrene Lyчек, Annette McKinnon, and Tara Pride for their invaluable contributions as External Steering Committee members for this year's conference. Your input and guidance have been crucial in helping us elevate marginalized

voices and diverse perspectives, and in reimagining our conference traditions to create a more inclusive and energized event.

Mercerina "Myrene" Lyчек is a life-long learner/educator, practising occupational therapist and PhD student in the Department of Population Medicine, University of Guelph. She is a first generation Canadian settler of Filipino descent passionate about co-creating healthcare spaces for authentically being, belonging and succeeding.

Annette McKinnon is a patient partner, and a settler on the traditional lands of many nations including the Mississaugas of the Credit, the Anishnabeg, the Haudenosaunee and the Wendat peoples. Her long experience with chronic disease has convinced her of the value of team-based healthcare and she is most enthusiastic about the encouragement, ideas and help from occupational therapy. She has been a co-author on a chapter in the new OT text book, a committee member for the James Lind Alliance Priority Setting Partnership, and is currently an advisor on projects about falls prevention and the role of OT in Primary Care Teams.

Tara Pride is of mixed Mi'kmaw and settler ancestry and member of Sipekne'katik First Nation. She is a registered occupational therapist and Assistant Professor in the School of Occupational Therapy at the University of Western Ontario.

CAOT has Chapters in British Columbia, Saskatchewan, Québec, and the North. We encourage you to meet and get to know the Chapter Regional Directors during your time in Kijipuktuk/Halifax.

ACE-Qc – Soëla Bandaly

Soëla graduated from the University of Montreal and gained international experience in Australia before focusing on mental health in private practice. She is also involved in professional journals and organizations, including the Revue des Ergothérapeutes du Québec and the Association Québécoise des Ergothérapeutes

en Pratique Privée. Soëla lead the creation of a virtual clinic during the pandemic and is actively involved in mentoring new therapists and advocating for mental health awareness through campaigns like Bell Let's Talk. Soëla will be hosting a Conversations that Matter session on Friday, May 3, from 2:10 to 3:10 pm AST and can be reached at aceqc@caot.ca.

CAOT-SK – Christine Fleming

Christine has dedicated her entire career to advancing occupational therapy nationally and in Saskatchewan, through her involvement in certification, legislative and bylaw committees with CAOT and Saskatchewan Society of Occupational Therapists (SSOT), and in her current role as Regional Director for CAOT-SK.

After three decades of clinical experience, including leadership roles and extensive involvement in geriatric services at Saskatoon City Hospital, Christine retired in 2023. Now, she aims to enhance the visibility of occupational therapy within Saskatchewan while supporting fellow therapists in their daily practice. Christine will be hosting a Conversations that Matter session on Friday, May 3, from 3:20 to 4:00 pm AST, and can be reached at caotsk@caot.ca.

CAOT-BC – Sara Bishop

Sara has long been an advocate for advancing occupational therapy in British Columbia (BC) through her volunteer work with CAOT-BC and the British Columbia Society of Occupational Therapists (BCSOT). Sara currently provides occupational therapy services to remote First Nations' students, works as a Home

and Community Supported Living OT for Vancouver Coastal Health, and runs a private practice, focusing on providing weekly treatment to children with developmental disabilities. With degrees from the University of Washington and the University of British Columbia, Sara brings expertise to her advocacy efforts to promote occupational therapy across the province. You can reach Sara at caotbc@caot.ca.

CAOT Marketplace

Come and meet with CAOT staff who will be pleased to field all of your questions and share information on CAOT membership programs and benefits. Pick up one of our latest publications! <https://caot.ca/>

NMEDA National Mobility Equipment Dealers Association BOOTH 4 & 5

Automotive Mobility Done Right! The members of NMEDA Canada are dedicated to expanding opportunities for people with disabilities to safely drive or be transported in vehicles modified with mobility equipment to fit their specific needs. <https://nmedacanada.ca/>

Shannex Inc. BOOTH 3

For 35 years, Shannex has grown as a trusted provider of accommodations, services and care in Nova Scotia, New Brunswick, and Ontario. Our industry-leading services are delivered by more than 5,900 compassionate, honest, professional and safe team members who create quality of life and a positive, fulfilling work environment. <https://shannex.com/careers/>

Harding Medical BOOTH 31 & 42

Harding Medical has been helping clients discover and enjoy the benefits of an independent lifestyle since 1987. We take pride in helping our valued customers select the right assisted living products and home medical equipment for their health care needs. There are currently five Harding Medical locations - Halifax, Dartmouth, Sydney, Moncton and Charlottetown. We offer mobility & home medical equipment sales, rental and service to clients living in Atlantic Canada. <https://www.hardingmedical.com/>

Maritime Accessibility Inc. BOOTH 41

Maritime accessibility is a family owned and operated business, out of Halifax, Nova Scotia. Our owners, John and Julian, have over 30 years experience combined in the elevator industry. In 2019, the father and son team saw a need in the industry, and set out to fill that need. Today, our extensive Canadian supplier network allows us to offer our customers the best products, from the largest lifts, down to the smallest home adjustments. Our main goal is to make accessibility, accessible to all. <https://www.maritimeaccessibility.ca/>

Dalhousie University, School of Occupational Therapy BOOTH 14

The School of Occupational Therapy at Dalhousie fosters collaborative teaching, research and professional activities linking those at the university with service providers, government workers, related disciplines, and citizens in the Atlantic Provinces. This regional mandate is combined with an international perspective that

links Dalhousie with universities and communities for fieldwork and research.

<https://www.dal.ca/faculty/health/occupational-therapy.html>

CarFit BOOTH 16

CarFit, a joint initiative with CAOT and CAA, is a community based educational program aimed at optimizing "vehicle-person fit" with older drivers. Occupational therapists and other members of the community can be trained to educate drivers on adjusting their vehicle's safety features to improve their comfort with the goal of promoting driver safety. <https://caot.ca/site/carfit>

Bayshore Medical Personnel BOOTH 13

The Medical Personnel division of Bayshore Healthcare provides a comprehensive range of highly skilled medical personnel to institutional and corporate clients. Their staffing complement includes physicians, nurses, occupational therapists, physiotherapists, respiratory therapists, auditors, pharmacists, and pharmacy assistants. Bayshore Medical Personnel prides itself on providing healthcare professionals to federal institutions such as the Department of National Defense (DND), Veterans Affairs Canada (VAC), and the Public Health Agency of Canada (PHAC). <https://www.bayshore.ca/services/government/medical-personnel/>

Guldman BOOTH 21

Guldman, we are specialists in creating more "time to care" in conjunction with the lifts lifting and moving requirements across the full spectrum of healthcare environments. The Guldman product range includes ceiling hoists, mobile lifters, slings and lifting accessories. Our products are designed to be combined, varied and used in a wide range of different ways, paving the way to uniquely effective solutions for tackling virtually all lifting and moving needs. <https://www.guldman.com/ca>

Interior Health Authority BOOTH 22

Interior Health is developing the future of health care through innovation and partnership. For over 20 years, we have been supporting the health and well-being of people in the Interior of B.C. working towards a healthier tomorrow. We strive to live out our vision: Health and well-being for all as we deliver programs and services. When most people think about health care, the first thing they think of are hospitals. While many of our services are offered in the hospitals we operate, we also offer a wide range of other important services such as: Home and Community Care, Primary Care, Long-term Care, Seniors Care, End of Life Care, Mental Health and Substance Use, Public Health. <https://www.interiorhealth.ca/>

Lifemark Health Corp BOOTH 15

As the largest national provider of rehabilitation services, Lifemark employs over 300 Occupational Therapists across the country. OT's play an important role in the delivery of our interdisciplinary services within our rehabilitation facilities, seniors homes, and in the community; including a focus on mental health, workplace health, pediatrics, pain-management, and senior care. With over 25 years of service excellence, Lifemark has over 2500 highly trained clinicians, over 300 clinics, and almost 4 million patient visits annually. We are passionate about providing the highest level of compassionate and quality care to patients. <https://lifemark.ca/>

Secur-O-bain inc. BOOTH 32

Secur-O-Bain conçoit, fabrique et distribue une chaise élévatrice pour le bain, facilite l'accès à la baignoire à toutes les personnes en perte d'autonomie. Son fonctionnement est électrique et demande aucun entretien. <https://securobain.com/>

Home Instead BOOTH 1

Home Instead services can help aging adults stay engaged in everyday life with tailor-made support by professional caregivers to stay safe and well at home. It's our mission to provide a care plan personalized to your family's needs to bring comfort, connection, and quality of life in the place that they love the most, their home. <https://www.homeinstead.com/3008>

Incluzia BOOTH 2

Incluzia is collaboratively creating an accessible and inclusive Canada. Specializing in evidence-based training, tools and consultation, Incluzia was founded by Marnie Courage, occupational therapist and industry leader in accessibility, universal design and the impacts of aging and disability on the human experience. <http://www.incluzia.com>

Pearson BOOTH 9

With more than 80 years of experience in the assessment field, Pearson's Clinical Assessment group offers innovative and comprehensive products and services to meet our varied customers' needs. We have a comprehensive portfolio of research-based instruments that are valid, reliable and represent the highest technical quality in assessments today. <https://www.pearsonclinical.ca/>

Helius Medical Technologies BOOTH 10

Helius is a leading neurotech company in the medical device field focused on neurologic deficits using non-implantable platform technologies that amplify the brain's ability to compensate and promote neuroplasticity, improving the lives of people dealing with neurologic diseases. <https://www.ponstherapy.ca/>

Fraser Health BOOTH 11

Fraser Health is responsible for the delivery of hospital and community-based health services to over 1.9 million people in 20 diverse communities from Burnaby to Fraser Canyon on the traditional, ancestral and unceded territories of the Coast Salish and Nlaka'pamux Nations, and is home to six Métis Chartered Communities. Our team of nearly 45,000 staff, medical staff and volunteers is dedicated to serving our patients, families and communities to deliver on our vision: Better health, best in health care.

<https://careers.fraserhealth.ca/>

Q'Straint/Sure-Lok BOOTH 12

For over 35 years, Q'STRAIN has been an industry leader in Wheelchair Passenger Safety Solutions focused on developing the most innovative solutions to advance the safety and effectiveness of wheelchair passenger travel. With sales and a direct presence throughout North and South America, Europe, Australia, Asia, the Middle East and Africa, we design, engineer, and test our safety solutions for integration with nearly every major automotive OEM globally. Our Mission of "Making Safety Accessible" ensures that wheelchair passengers get access to the same levels of safety as those around them. <http://www.qstraint.com>

Vancouver Coastal Health BOOTH 17

Vancouver Coastal Health (VCH) is a regional health authority working in partnership with the Ministry of Health to provide high quality, appropriate and timely health services to British Columbians. Join a team connected by collaboration, support and most importantly, the goal of providing quality patient care. <https://www.vch.ca/careers>

PracticeNWT BOOTH 18

PracticeNWT is here to attract health and social services professionals, including allied health professionals, midwives, nurses, physicians, and social workers, to the many outstanding employment and lifestyle opportunities available in the Northwest Territories. <https://www.practicenwt.ca/en>

National Seating & Mobility BOOTH 19

We are Canada's fastest-growing provider of excellent home medical equipment. From Stair Lifts to Bathroom Safety, we have the best of the best when it comes to educating, installing, and building relationships for every need. <https://www.nsm-seating.ca/>

Think Self-Management BOOTH 20

Think Self-Management provides healthcare providers with digital access to evidence-based tools and resources to support their clients living with chronic conditions. <http://www.thinkselfmanagement.ca/>

Power WearHouse Inc BOOTH 23

Sensory processing vests have long proven to provide a calming influence through deep compression. But here's what wasn't working, and why the ProPower Sensory Processing Vest™ came to be: Our founder, Shelagh Stoneham, was approached by the owner of a leading Occupational Therapy Practice, (another Canadian female business owner) who wanted work together to produce a significantly better sensory processing vest. <https://powerwearhouse.com/>

The Newly Institute BOOTH 24

The Newly Institute offers rapid access to medically-managed Intensive Outpatient Programs providing innovative treatments for anxiety, depression, addiction, PTSD, trauma and chronic pain. Access to therapy can lead to reduced suffering, increased resiliency, and save the lives of those who suffer the most. Our revolutionary treatment model uses our proprietary medical protocols and purpose built psychology clinics to provide medically enhanced psychotherapy as part of an intensive outpatient program focusing on evidence based trauma therapy. <https://thenewly.ca/about-us/#the-newly>

ProMed HR Solutions BOOTH 25

In operation since 2012, ProMed HR Solutions Ltd. is a Canadian owned and operated company that provides highly qualified Occupational Therapists for short- and long-term locum coverage at clinics, hospitals and health centres across Canada. Since its inception, the company has grown year over year and has provided medical imaging & diagnostics technologist services to almost every province and territory in Canada. <https://promedhr.ca/>

CBI Health BOOTH 26

For millions of Canadians, CBI Health is where better begins. We are Canada's leading community healthcare provider, reliably delivering innovative rehabilitation and home care programs that help our clients achieve their health goals. With 250+ locations and supporting more than 800 communities, people are at the heart of what we do. Every day, all across the country, our 13,000 staff work together to make a meaningful difference in our clients' lives and help shape healthcare for the better. <https://www.cbihealth.ca>

Therapro BOOTH 27

Therapro: The therapy resource for families and professionals! We provide therapists, teachers, parents and other caregivers with the highest quality and most economical therapeutic and educational resources for all ages and all abilities. <https://www.therapro.com/>

Canadian Therapists in Nature is an active online community for Canadian Therapists who use nature in their work. The community brings together professional development opportunities, collaboration and resource libraries. All therapists, whether nature-based or nature-curious are welcome! <https://www.canadiantherapistsinnature.com>

NRRTS BOOTH 30

NRRTS mission is to support professional complex rehab technology (CRT) suppliers through education and advocacy to improve access and provide quality services to people who rely on CRT. NRRTS is a professional organization supporting individuals who provide Complex Rehab (wheelchairs and seated positioning systems) for people of all ages and diagnoses who have postural or mobility deficits. These professionals offer quality care and service using specialized knowledge, training, experience and skills to match the consumers' needs to appropriate equipment. <https://nrrts.org/>

CASCADES BOOTH 33

CASCADES (Creating a Sustainable Canadian Health System in a Climate Crisis) supports Canada's healthcare community in transitioning towards high-quality, low-carbon, climate resilient care. <https://cascadescanada.ca/>

Creative Therapy Consultants BOOTH 34

Creative Therapy Consultants (CTC) are a team of passionate health care providers. We believe that the starting point for providing a great client care experience is building a talented team with a great culture. We invest in the financial, mental and physical health of our team through our various mentorship, professional development and support programs. We think this gives us a competitive edge and makes CTC a great place to work. <https://www.creativetherapyconsultants.ca/>

HappyNeuron Pro BOOTH 35

HappyNeuron Pro is a digital cognitive therapy platform tailored for clinicians. Our therapy tools take the painful parts of planning and tracking client progress out of the equation. Optimize your time, streamline your practice, and have more time to focus on what you do best - transforming lives. <https://www.happyneuronpro.com/en/>

Sunshine Coast Health Centre BOOTH 36

Sunshine Coast Health Centre and Georgia Strait Women's Clinic are registered B Corp, licensed, and accredited mental health facilities that use an evidence-based, non-12-step, meaning-centered approach that interconnects all our services and therapies. While other centres focus on abstinence or symptom reduction, we focus on helping our clients solve the underlying issues driving their suffering so that they may get the full, transformative benefit of our program.
<https://www.sunshinecoasthealthcentre.ca/>

March of Dimes Canada BOOTH 37

March of Dimes Canada is a leading national charity committed to championing equity, empowering ability, and creating real change that will help the more than six million people living with disabilities across the country unlock the richness of their lives. We serve, connect, and empower people living with disabilities to participate fully in life – on their own terms. Our work is grounded in the voices of the people we serve, built on a foundation of service, and backed by a 70-year history of success.
<https://www.marchofdimes.ca/en-ca>

Arjo Canada Inc BOOTH 38

At Arjo, we believe that empowering movement within healthcare environments is essential to quality care. Our products and solutions are designed to promote a safe and dignified experience through patient handling, medical beds, personal hygiene, disinfection, diagnostics, and the prevention of pressure injuries and venous thromboembolism. <https://www.arjo.com/en-ca/>
