We Support Positive Health & Well-Being

Treatment Shouldn't Feel Like Punishment

Our Approach

We approach clients with real curiosity and a willingness to listen carefully to their concerns. We believe this is critical to helping a client with their problems. It means being ready to help with medical concerns and issues, connection with families and friends, work-life balance (stress management), and spiritual wellness.

Occupational Therapists

When helping people live well with chronic conditions:
Think Self-Management.

Self-management is essential to navigating life with many, or even one chronic condition.

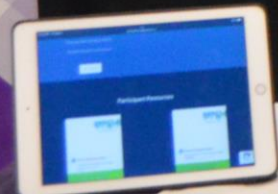

Think Self-Management provides the tools and resources busy healthcare providers need to empower people living with chronic conditions to cultivate the self-management skills they need to live happier, healthier lives.

OT TRC Task Force 2019-2023

June 2019 The CAOT Board of Directors voted unanimously to convene the CAOT Truth and Reconciliation Task Force to provide leadership for the profession of occupational therapy in Canada and to respond to the Truth and Reconciliation Commission of Canada's (TRC) Calls to Action.

May 2021 The Task Force expanded to include representatives from:

- Association of Canadian Occupational Therapy University Programs (ACOTUP)
- Alliance of Canadian Occupational Therapy Professional Associations (ACOTPA)
- Association of Canadian Occupational Therapy Regulatory Organizations (ACOTRO)
- Canadian Occupational Therapy Foundation (COTF)
